Hi Kathy,

Thank you for the opportunity to review, and my apologies for the delay in responding. I've made a few suggested edits in track changes (see attached), which are primarily editorial for consistency and clarity. (And as a reminder, I was only able to participate in the 11/29, and not the 11/20 webinar.) But the summary looks good. It's very thorough. If you have questions or should need anything more on this, please don't hesitate to let me know.

Thanks,

Hi, any chance you can take a look at this and make any edits? I know this was a long time ago, but this is the contractor summary of the tribal webinars. Thanks, Kathy

If you don't mind, please use the link I sent you so your comments are in our joint document. If you can't access the sharepoint version, use the attachement here and I'll do a compare docs. Thanks again.

Kathy and Ruth

Welcome back and thank you personally for all the personal sacrifices you had to make during this crazy shut down. You are awesome public servants and you deserve better than the last 35 days.

I am attaching the tribal webinar summary (you received the workshop summary just before the shutdown). Edit away!!! There are a few marinations in yellow where there is an immediate action or I am not sure if the statement is accurate.

I will be in a meeting most of Monday and the rest of the week, but will try and connect Monday and Tuesday to warm up our AW engines once again.
